One of the most complimentary things that is being said about Prof. Barksdale Hamlett in the state papers is the statement that he is a native of Christian county. Prof. Hamlett is a good enough man to have been born in Christian county, or even in Hopkinsville for that matter, but the truth must be told, though the heavens fall. He was born in Virginia and came to Christian county because, being a smart man, nothing but the best would satisfy him.

That Former Nashville Man Had Been Murdered.

Santa Rosa, Cal., July 28.—Before taking Dr. L. C. Chisholm to the penitentiary to serve a life sentence for murder, officers searched his papers and found that his victim known as J. D. Powell, really was Van K. Drouillard, who came to California from Nashville, Tenn., about five years ago.

Evidence at the trial showed that Chisholm was in a plot to get his victim's life insurance.

The Woman's Professional League, a New York society of business women, has decided that "S's" should be abolished. Their statement follows:

"Every time one pronounces the letter 'S,' the muscles of the neck are drawn and wrinkles come. More necks are spoiled by this single crooked hissing letter than by any amount of dissipation and neglect. Women should avoid it all they can by using 'Z,' thus making the hollows in the neck fill out, wrinkles disappear and the throat round out and become smooth and beautiful."

BOARMAN CASE CONTINUED.

Alleged Murderer of McCarty Claims He Can Prove Alibi.

Hawesville, Ky., July 24.—The largest crowd of people ever assembled in the Hawesville courthouse gathered there to-day to hear the examining trial of Noel Boarman, charged with the murder of Burt McCarty at Lewisport on July 11, 1911. The defendant, by his attorney, Eugene C. Vance filed his affidavit for a continuance on ground of absence of witness by whom it was claimed it would be proved that the defendant was in Crofton, Ky., a town in Christian county, sixty miles from Henderson, the nearest railroad point contiguous to Lewisport, the scene of the murder, between the hours of 6 and 7 o'clock p. m. of Tuesday, on the day when the murder was done, the hour when it is charged to have been done being 8 or 9 o'clock p. m. of that day, and that it was a physical impossibility for him to have reached Lewisport from the time he was seen in Crofton before 9:30 a. m. of the next day.

It was alleged in the affidavit that Will Boyd, a barber in Crofton, shaved defendant between 6 and 7 p. m. on the day of the killing and that he talked with George Wiggins, a former business man of Crofton, on the platform of the depot there between the same hours. The case was continued until Wednesday, July 26, and attachment was ordered for absent witnesses.

As Seen At Home.

The Cincinnati Enquirer of recent date calls attention to the fact that the first half season of the Kitty baseball league has been completed with Hopkinsville, Kentucky, the winner of the pennant, the summer's playing in that league being divided into two series of games. Hopkinsville led the league by a margin of over 100 points of percentage and the Enquirer takes occasion to give Pitcher Clarence Yon a full meed of praise for his work in the winning, he being a strong member of the team of which all made enviable records. Referring to our friend Clarence as the "diminutive south-paw" his record is stated as a total of sixteen games won out of eighteen pitched. "His strike-out record was also notable, running as high as seventeen men down in one game." It was further intimated that Yon is getting in shape for the big show and the big leaguers are looking him over. The young athlete is a well known Juniata boy and his success on the diamond is a source of genuine pleasure to the many home friends who watch his progress. Although he is very young this is his second year with Hopkinsville and his record there appears as a forerunner of a breaking into the larger baseball doings.—Altoona Tribune.

Who Was There That You Knew?

IN the shadowy ranks of those who marched to defeat or death or victory fifty years ago in the mighty conflict that convulsed this great nation, is there father or grandfather or uncle of yours? Would you like to see a photograph of him in that long ago day of his youth—a photograph that he never knew was taken? Perhaps we can show you one; and in any case, we can tell you a story, stranger than any detective fiction, of 3,500 priceless photographs that were lost and are found again.

3,500 Long Buried Photographs of the Civil War

THEY were taken by the greatest photographer in the United States of that day; they were bought by the United States Government for \$30,000; they were buried in the War Department for 50 years—they are buried there still. But a duplicate set was kept by the photographer—who died poor and broken down, that duplicate set was knocked from pillar to post for nearly 50 years, until it was discovered by a New England collector. J. Pierpont Morgan tried to secure the collection—Ex-President Garfield and General Benjamin F. Butler said it was worth \$150,000—yet with the help of the Review of Reviews, the entire collection has been gathered into 10 great volumes and is placed within your reach at less than the value of one of the photographs. It is the one accurate, impartial history of the Civil War—the camera cannot lie. It tells the story of the War you never heard before. Taken under protection of the Secret Service, these photographs bring to light thousands of little-known phases of the war; they penetrate to strange places and record strange things.
